CAUGHT 23 PICKEREL.

Norwich Quartette Landed Thirty Pounds on Wednesday.

A party of four, which included Frank E. Peckham, his son, Howard, H. C. Corning and Gus Thiel, made the season's record to date on Wednesday for pickerel fishing through the ice when they returned with a string of twenty-three fine fish which weighed altogether thirty pounds. In twenty years of fishing it's the finest string of pickerel I ever saw," said Mr. Peckham.

The largest of the string weighed an even three pounds, two were two and one-quarter pounds, six weighed one and one-half pounds each and the balance made up the thirty pounds, averaging about a pound apiece. They were caught through two-inch ice.

Mr. Peckham is to make a four-day trip next week to some ponds in West Stockbridge and Lenox, Mass., which have never had a tilt in them. He expects to astonish the natives of those parts when he shows them what can be done in ice fishing.

PERSONAL

Thomas Williamson of Norwich, called on friends in Middletown Tuesday.

Miss Susie Spicer of Simsbury college, Boston, is home for the holiday recess.

Miss Susie Wheeler is spending several days with Mrs. William Burdick of Franklin street.

Miss Agnes Lawton has returned to her home in Middletown from Rutland, where she attends the academy of the Holy Family, to spend the holidays with her parents.

POWER HOUSE COMPLETED.

Bases for Electric Apparatus Being Built—Expected Machinery Will Be Running by New Year.

The brick power house which the Fall company is establishing on the Fall river at its upper dam has been completed and the concrete bases for the electric apparatus are now being constructed. As soon as they are finished the electrical apparatus which is already here will be set up and it is expected by Agent Henderson that it will be turning out electricity by the first of the year. This hydro-electric plant will be in operation in one department of the mill.

Reward for Services.

On Wednesday morning Dr. W. B. Casey received a handsome oil painting from an Italian woman in New York city. It was in payment for service which Dr. Casey rendered when he was an ambulance surgeon in New York city five years ago.

While responding to a case, this woman was seen to fall from an electric car. She was taken in the ambulance to the hospital, after Dr. Casey had examined her injuries, but no recovery was very thankful and took this means of expressing her gratitude.

Received a Ten Pound Possum.

A ten pound possum from the south was the unexpected Christmas present received by George M. Charbonneau on Wednesday. The possum came by express, crates, and was made welcome.

It is a present from Michael J. Donohue, formerly of this city and a graduate of Yale and the Academy, who is now director of athletics at the Alabama Polytechnic Institute, Auburn, Ala. Mr. Donohue was a star distance runner and all around athlete in his school and college days.

Buck Blinded by Shot.

Theodore Avery, who lives near Stoddard's Wharf, recently found a fine buck deer, which he was able to catch because it had been blinded by a charge of shot and was wandering around helplessly. He notified Game Warden Bradford, who directed him to kill the animal. Mr. Avery has had the head mounted, as it was finely antlered.

He also found a dead buck in the woods, the marks showing that it had been killed in a fight with a rival.

Growing Interest in Work.

Mrs. Joseph J. Fields, who is this year for the second time serving the Loyal Temperance league in Williamstown, is leader in a series of lectures in the Williamstown company. At the meeting last Sunday, which was the second of the season, there was an attendance of 25, which was a good gain over the first meeting two weeks preceding. Several members of the W. C. T. U. usually attend the L. T. L. meeting.

Roy Dean Injured.

Shortly after 4 o'clock Wednesday afternoon Roy Dean was knocked off his bicycle in Broadway at the foot of the hill by a passing team. He was bruised and shaken, but no bones were broken. He was taken in Dr. Almy's auto to Dr. Kimball's office, where the extent of his injuries were learned. It is understood that a wheel of the wagon went over him. He is about 10 years old.

Going Into Vaudeville.

Erasmus and Hall, two Norwich young men, who have a singing and talking coin which they are working up for the vaudeville stage, were granted an opportunity to rehearse before some of the Auditorium attaches one morning last week. They received a number of valuable suggestions and will later try to get a vaudeville booking.

No Night School Vacation.

The night schools in the city hall and at Tatfield will proceed without interruption, as it is found that a vacation lessens the interest taken in the work. Both schools have good attendances nightly and progress is being made. There will be no special observance of Christmas in the schools.

Mr. Kerridge Comes Jan. 23d.

Rev. Mr. Kerridge will come to St. James' church, New London, Jan. 23d, when he will conduct his first service. His wife and two children will come to New London shortly after.

In the City Court.

On Wednesday morning in the city court the case against K. Morinick, charged with breaking and entering, was taken up. The defendant was held in lieu of bond for his appearance on Friday.

Pontiac, France, Dec. 22.—The cancellation of the order placing seals upon the property at Ballincourt, was given here by the late King Leopold, was argued before the court today. The decision will be handed down tomorrow.

MOVING OF SLATER PROPERTY

Cannot be Taken Across Callahan Property Causing the Removal of Several Trees—Judge Reed Issues Injunction

An injunction has been granted by Judge J. H. Reed restraining Elizabeth McNamara, John Woodmansee and Cesare del Carlo from removing the barn from the Slater property causing the removal of several trees.

Mr. and Mrs. Callahan asked for the injunction, alleging that the defendants are moving a large barn and in doing so are removing several trees, digging large holes and requiring the removal of four fine trees. The land was bought by Mr. and Mrs. Callahan from John Linskey and the moving of the barn across the Slater property, done without their consent. The barn has been moved from the original location and foundation and is now parting with the Callahan land. In addition to the injunction, restraining the defendants, damages of \$500 are asked.

The injunction is effective until the first Tuesday in January and thereafter until a further order may be given by a judge of the superior court under penalty of \$500.

When the Slater property, mansion and barn were disposed of at auction in October the late John R. McNamara purchased the barn with the privilege of removing the same and a cellar dig and foundation built for it in Slater avenue.

His unexpected death occurred before the barn had been moved, but to get it to the Slater property was previous to the injunction which was signed on Tuesday the work of moving the building was started by Messrs. Woodmansee and Carlo for Mrs. McNamara. The work must now be held up or another route taken to get the barn to the desired location.

The barn was located on Cedar street and to get it to the Slater property, on the south side of Slater avenue, adjoining the McNamara residence, an attempt had been made to cross the Callahan property, and as it is claimed, remove several trees. The barn is one story and a half and the taking of it across the Callahan property would make the moving much easier and more direct.

Mr. Callahan objects to having his trees cut down and it is possible that the building will have to go around by the roadway.

DANGEROUS DANDRUFF

Will Make America a Baldheaded Nation If Not Checked

M. Pasteur, the great French Physician of Paris, once said: "I believe we shall one day rid the world of all diseases caused by germs."

Dandruff is caused by germs, a fact accepted by all physicians.

Dandruff is the root of all hair evils, if it were not for the little destructive germs
